PROFILE

Frontend Developer with 5 years & 11 months of experience building scalable, high-performance SaaS applications using **React.js, JavaScript (ES6+)**, HTML, and CSS, along with modern UI frameworks like Material UI and Tailwind CSS. Currently working on BigFix, delivering user-centric features with a focus on **performance optimization, accessibility (WCAG), reusable component architecture, REST API integration, and AI-driven development using ChatGPT and GitHub Copilot.** Experienced in developing data-intensive interfaces, optimizing rendering and state management for large-scale applications, and contributing to system design in product-driven environments. Proven ability to take end-to-end ownership of features, from requirement analysis to production deployment, ensuring reliable and maintainable solutions. Familiar with **Node.js and Express.js** for backend integration, with an emphasis on writing clean, production-ready code and following best engineering practices.

PROFESSIONAL EXPERIENCE

HCL Software, Sr. Software Engineer I 07/2025 – Present | Pune

- Developed scalable and enterprise-grade frontend features for BigFix(enterprise SaaS endpoint management platform) using **React.js, JavaScript (ES6+)**, **Material UI**
- Owned end-to-end delivery of frontend features, driving design and implementation of scalable solutions in collaboration with cross-functional teams. Led development of key frontend modules, ensuring scalability and maintainability across the application
- Designed and implemented **reusable, component-driven UI architecture and shared libraries**, improving scalability, consistency, and development efficiency across modules.
- Implemented accessibility improvements in line with **WCAG 2.2** guidelines, enhancing usability for keyboard and screen reader users.
- Leveraged **Generative AI tools (ChatGPT, GitHub Copilot)** for code generation, debugging, refactoring, documentation, and development workflow optimization, improving engineering productivity and delivery efficiency.
- Built and enhanced complex, data-intensive interfaces by integrating **RESTful APIs**, enabling real-time visibility and control for large-scale endpoint environments.
- Optimized application performance through **state management, render optimization, and lazy loading**, improving responsiveness and handling high-volume data efficiently.
- Contributed to **system design discussions** focusing on scalability, modular architecture, and maintainability in a cloud SaaS environment.

Infosys Limited, Technology Analyst 01/2021 – 07/2025 | Pune, India

- Engineered and maintained scalable web applications using **React.js, JavaScript (ES6+), HTML/CSS** and modern UI frameworks including Material UI and Tailwind CSS.
- Architected and implemented reusable, component-driven UI systems, improving code maintainability and reducing development effort by ~20%.
- Integrated **RESTful APIs** to enable real-time, data-driven interfaces, improving data refresh efficiency and reducing manual reload dependency.
- Developed a self-service platform that streamlined issue resolution, contributing to an estimated **20–30% reduction in support tickets**.
- Designed and delivered a centralized dashboard for navigation, monitoring, and reporting, improving operational visibility and reducing access time by ~25%.
- Improved application performance through **state management and render optimization**, enhancing UI responsiveness by ~15–20%.

TECHNICAL SKILLS

Frontend Development: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, Material UI

State Management: Redux, Zustand

UI & UX Engineering: WCAG 2.2, System Design, Component-Based Architecture, Reusable UI Systems, Micro-frontend Architecture

AI-Driven Development: ChatGPT, GitHub Copilot, Prompt Engineering, AI-Assisted Code Generation, AI-Assisted Debugging.

Performance Optimization: Render Optimization, Memoization, Code Splitting, Lazy Loading

Testing: Jest, React Testing Library

Backend Integration: REST API Integration, Node.js, Express.js (Basics)

CI/CD & Tools: GitHub Actions, Git, GitHub, Postman

PERSONAL PROJECTS

Income Tax Calculator, https://calculate-tax-nine.vercel.app/
- Built an income tax calculator supporting Old vs New regime comparison with dynamic graphs, improving financial planning usability
- **Technologies -** React, JavaScript, Redux, Tailwind.

Swiggy Clone, https://github.com/approton/zaikadham
- Built a food delivery UI clone and implemented basic unit tests using Jest, gaining hands-on experience in component testing
- **Technologies -** React, Redux, JavaScript, TailwindCSS, Bootstrap.

Approton Social, https://approton.pythonanywhere.com
- Personal project which provides a Collaborative Environment where people can post their ideas, create groups and connect to each other.
- **Technologies**: React.js, JavaScript, Node.js, Express.js, Git, Github.

DNS & SSL Lookup Tool, https://codechef.pythonanywhere.com
- Personal project which Provides a tool where people can lookup the DNS response on public network and SSL certificates.
- **Technologies**: React.js, JavaScript, Bootstrap, Django

AWARDS

STAR PERFORMER, Infosys
- Was Awarded with Star Performer in Team for Best Team Player and Employee.

Insta Award, Infosys
- I got this Award 3 times in Infosys for best Team player and Deadline Defender.

EDUCATION

Bachelor Of Technology, Computer Science and Engineering 08/2016 – 06/2020 | Lucknow, India
Babu Banarasi Das Engineering College
- Completed in Computer Science and Engineering with honors and aggregate of 78.4%.

Higher Secondary Certificate(Intermediate)- CBSE, Saraswati Sr. Sec. Vidya Mandir 07/2014 – 05/2015 | Deoria, India
- Completed intermediate in Science with Aggregate of 72.8%

Senior Secondary certificate(High School)- CBSE, Saraswati Sr. Sec. Vidya Mandir 04/2012 – 05/2013 | Deoria, India
- Completed my High School with Aggregate of 9.8 CGPA

CERTIFICATES

JavaScript Developer: Infosys | **Frontend Developer:** Infosys | **GenAI Enthusiast:** HCLSoftware |
MERN Stack Web Developer: Udemy | **Python Developer:** Infoseek, Lucknow

LANGUAGES

English | Hindi
